Are you aware that NFLT must raise every dollar needed for acquisitions, stewardship, and essential operations? To cover these costs and accomplish our mission, we encourage contributions toward every transaction. For example, a Conservation Contribution of \$5,000 covers the costs of facilitating a transaction. A Stewardship & Defense Fund Contribution of \$500 per acre helps manage and protect the property or conservation easement. A pledge to make these Contributions is considered in NFLT's project evaluation process. Any contribution is greatly appreciated and can make a difference to the success of a project.
